OBJECTIVE

Dedicated and forward-thinking computer science graduate currently pursuing a Masters in Computer Applications with a strong foundation in C# programming and SQL database management. Actively engaged in expanding my skill set, I am currently immersed in learning Flutter for mobile app development and gaining hands-on experience with Figma for UI/UX design. I bring a high level of proficiency in Photoshop, utilizing advanced features for graphic design, photo editing, and creating visually compelling content. Whether it's manipulating images, designing captivating visuals, or enhancing user interfaces, I leverage my Photoshop skills to bring creativity and precision to my work. While I am in the process of mastering UI/UX design principles, my primary strength lies in my programming capabilities, particularly in C#. Committed to continuous learning, I am enthusiastic about integrating advanced design principles, including intricate Photoshop techniques, into my expanding skill repertoire.

EDUCATION

MASTERS OF COMPUTER APPLICATIONS

Charusat University. Anand, Gujarat | Jul 2023 - Present

BATCHELOR OF COMPUTER APPLICATIONS

Sardar Patel University. Anand, Gujarat | Jul 2020 - Apr 2023

PROJECTS

Personal Portfolio Website:

I have created a personal portfolio website using HTML, CSS & JavaScript.

Showcasing about myself, My skills, My projects and a contact form to get in touch with me.

College Finance Management system :

I have used ASP.NET with C# and SQL Database as my database service.

The College Finance Management System is a comprehensive and user-friendly software solution designed to streamline financial operations within educational institutions. This project addresses the complexities of budgeting, expense tracking, and financial reporting, providing an efficient and transparent platform for managing the financial aspects of college administration.

HOBBIES

Music - I am a melomaniac. I really enjoy listening to music, especially on Spotify. It helps me relax and feel inspired. Favourite artist: Talha Anjum

Photography - Not professionally but I like to click the beautiful nature or landscape. Sometimes I keep them natural and sometimes I give them extra touch with Lightroom.
